your style
our solution

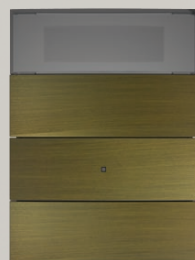

Berker Manufaktur.

Express yourself!

With our cable management and wiring accessory solutions, anything is possible. You design the hotel space and furnishings, and we provide the power.

Be as creative as you like, and we will customise our solutions to fit.

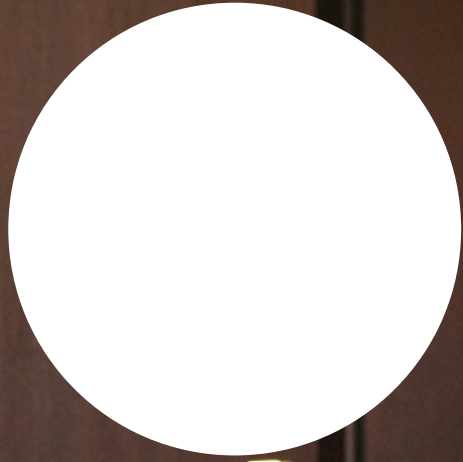

Berker Manufaktur:
customise your switches
any colour, any material.

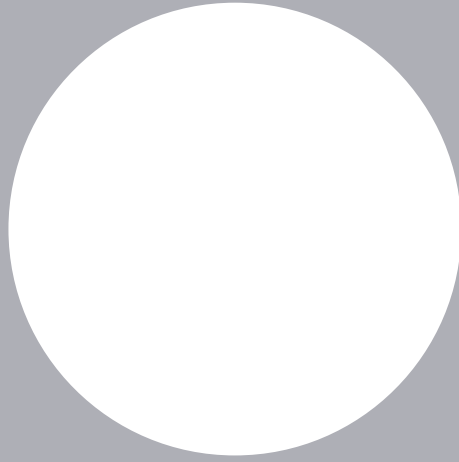

Lighting control:
flexible lighting solutions.

easy
all the way

Wall mounted motion detectors.

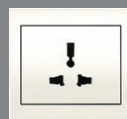

Ceiling motion detectors.

Your guiding light.

Illuminate the way to your guests' rooms with a touch of style. Hager's subtle lighting solutions cover the full range of options from floor to ceiling. And our high-tech presence detectors automatically control brightness levels, transforming your hotel corridors into a safe haven for your guests.

Skirting trunking with LED.

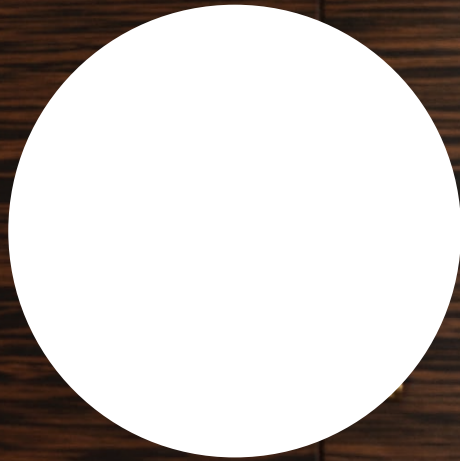

Complete range of international sockets.

Smoke detectors.

be
our guest

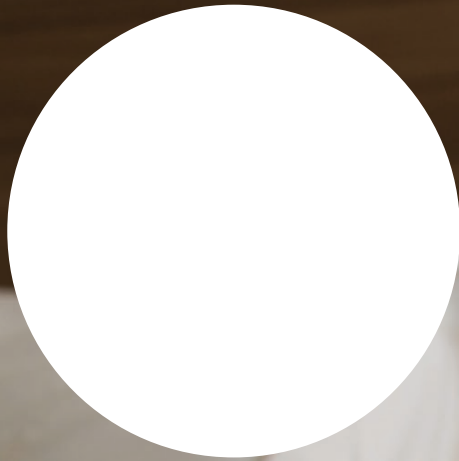

Hotel key card switches.

Play your cards right.

In hotels, stars are a sign of comfort. And the new Berker hotel key card switch is the ultimate in comfort. Just like stars, it glows in the dark – with a blue LED light that makes it easy to find. And thanks to an adjustable delay timer, your guests no longer find themselves in the dark as soon as the card is pulled out.

It's your lucky star for starting a new business!

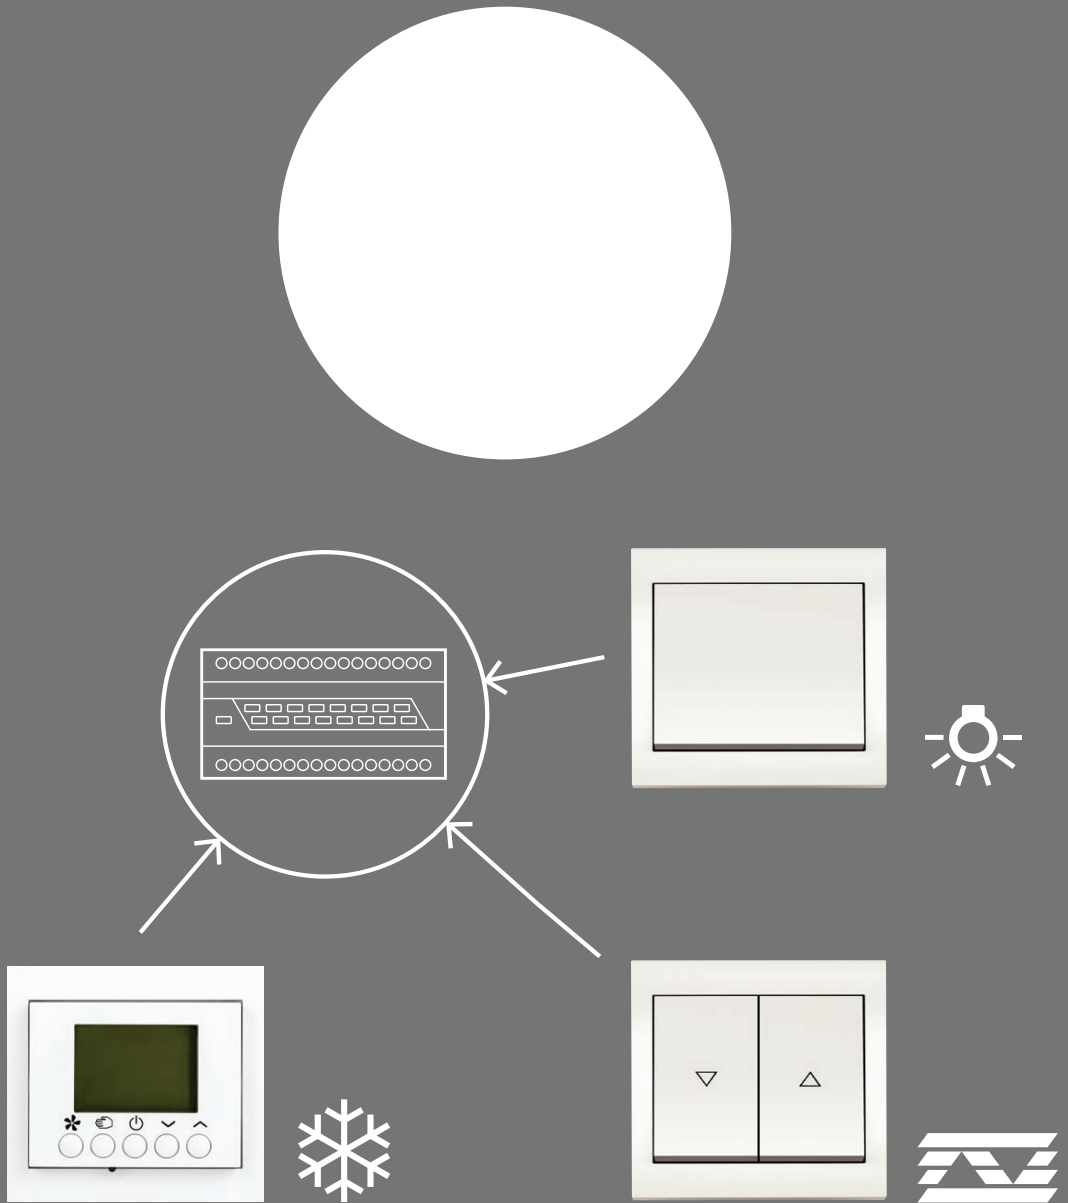

Compact enclosures,
stylish design.

Silent latching relays:
plenty of light, zero noise.

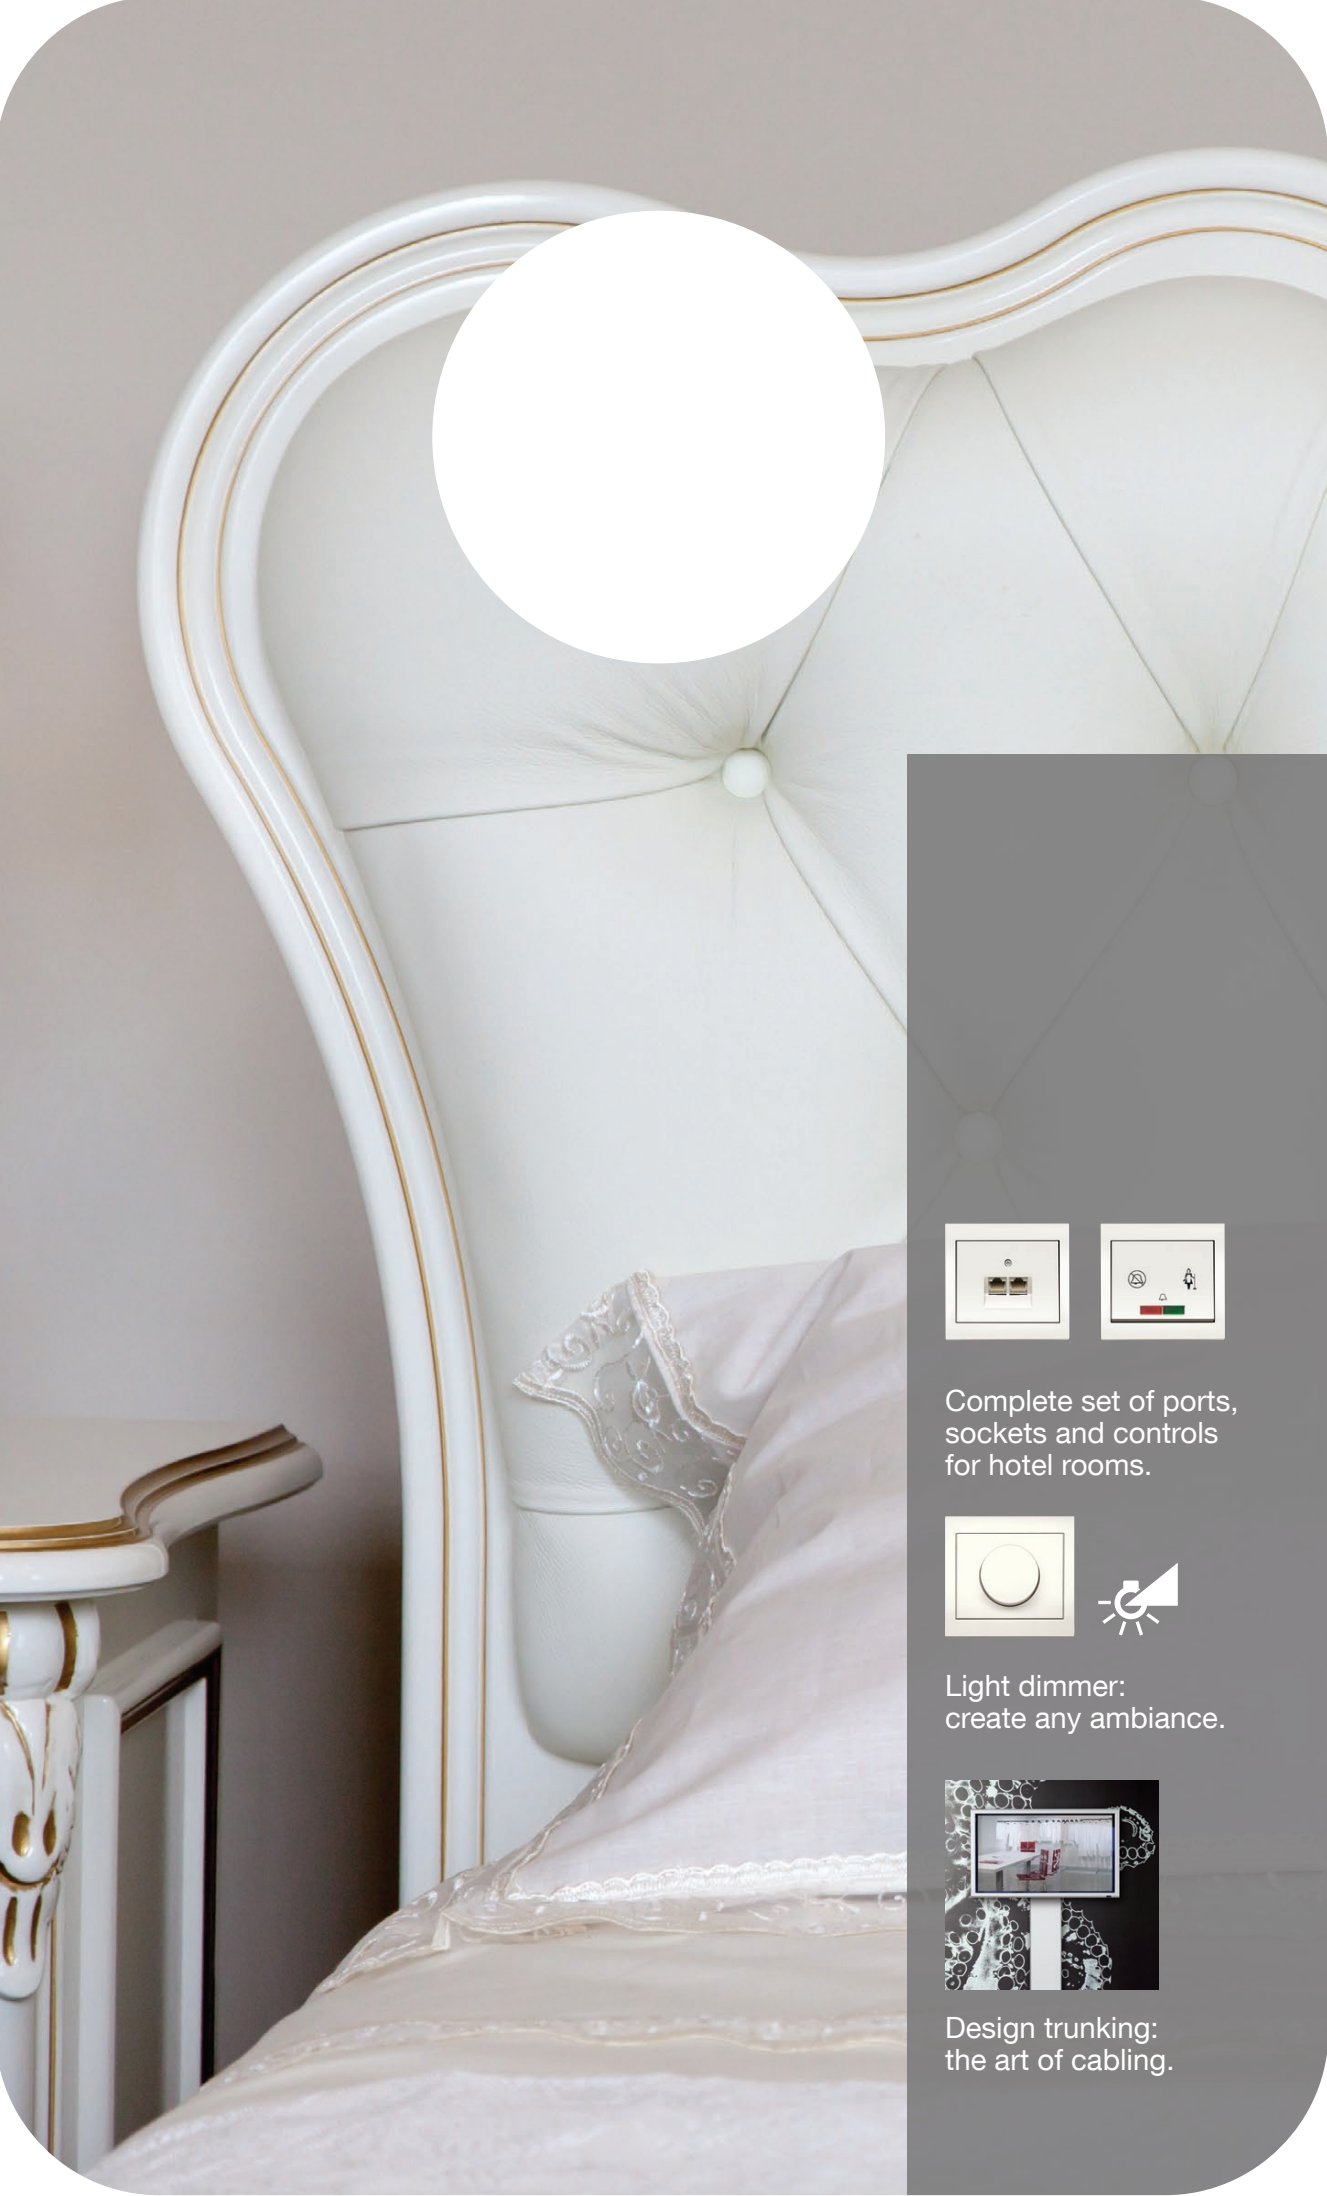

Everything you need
for hotel rooms.

Room automation with IP Roombox.

Control centre.

Combine IP Roombox with your Hotel System Manager – and you will get a powerful tool for monitoring all your rooms. The system is as simple to configure as it is to use, and will enrich both room management and the guest experience. Launch a "wake up" programme for your guests by slowly turning up the lights or gently opening the shutters. Customising your services has never been easier.

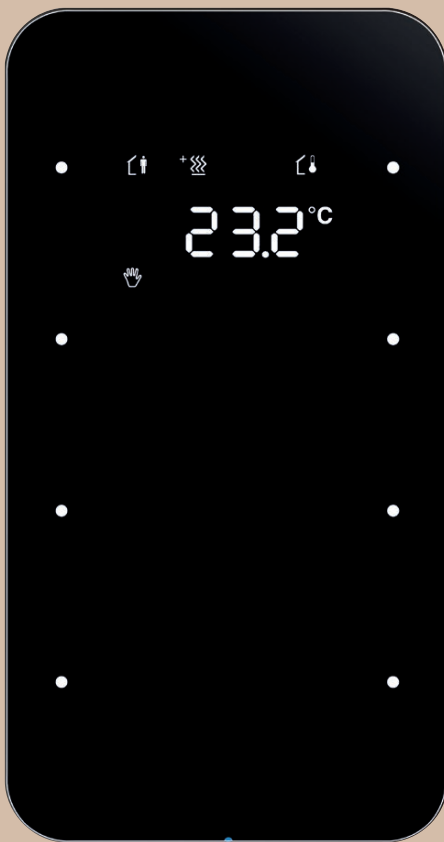

Complete set of ports, sockets and controls for hotel rooms.

Light dimmer: create any ambiance.

Design trunking: the art of cabling.

Touch sensors.

Cutting-edge automation.

Technology and elegance go hand-in-hand with our stylish automation solutions.

Combine the smart functionalities of KNX systems with the eye-catching designs of Berker switches for a high-tech finish to any room.

KNX solution:
a touch of comfort.

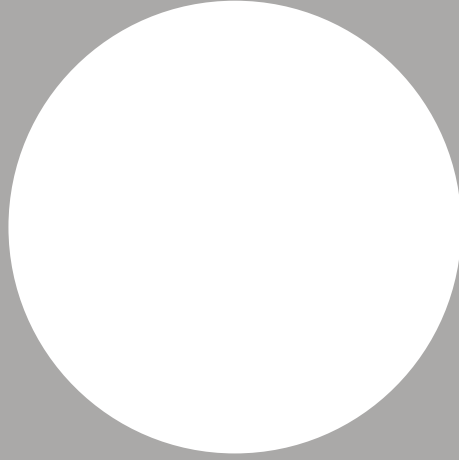

Berker design:
elegant switches.

let's start
the show

Touch panel: convenient and intuitive interface.

Ideal work conditions.

With just a touch of a screen, set the perfect atmosphere for your meetings. The combination of Hager's cable management solutions with KNX installations delivers total flexibility for you to configure and organise your meeting rooms as you wish.

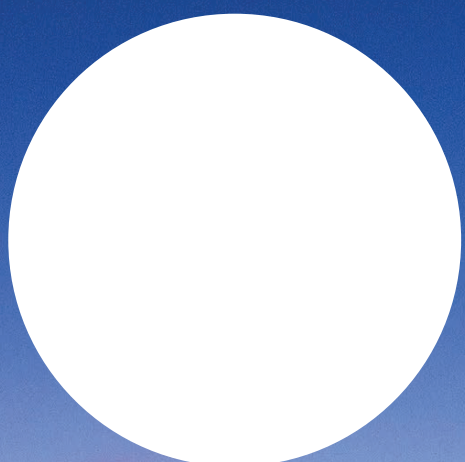

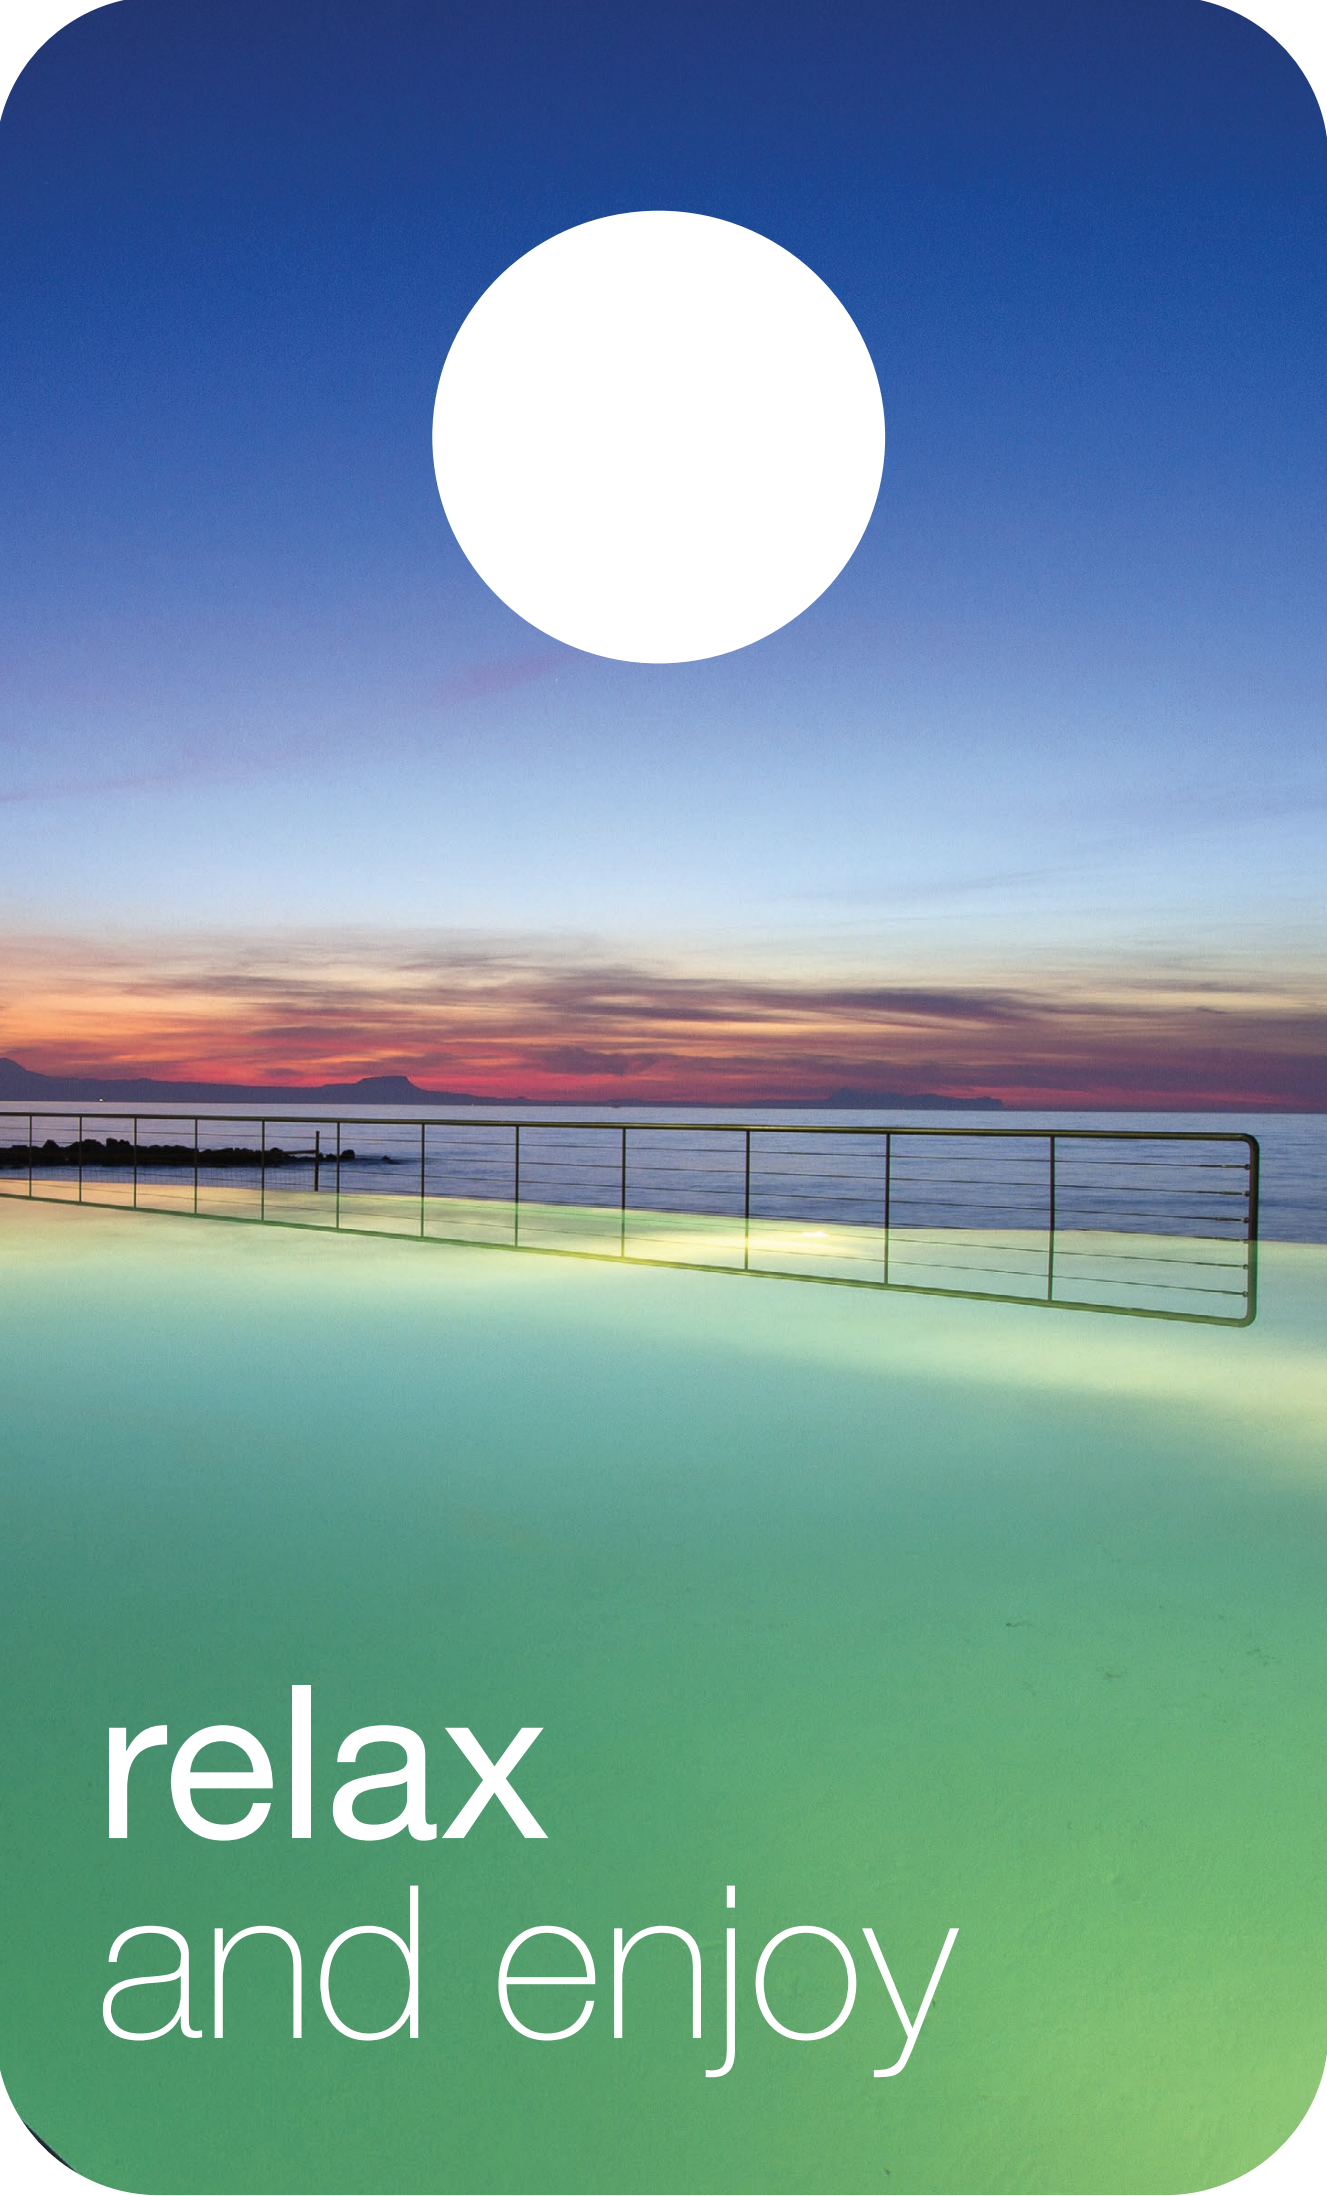

Underfloor, poles,
ceiling trunking:
total flexibility for power
and data outlets.

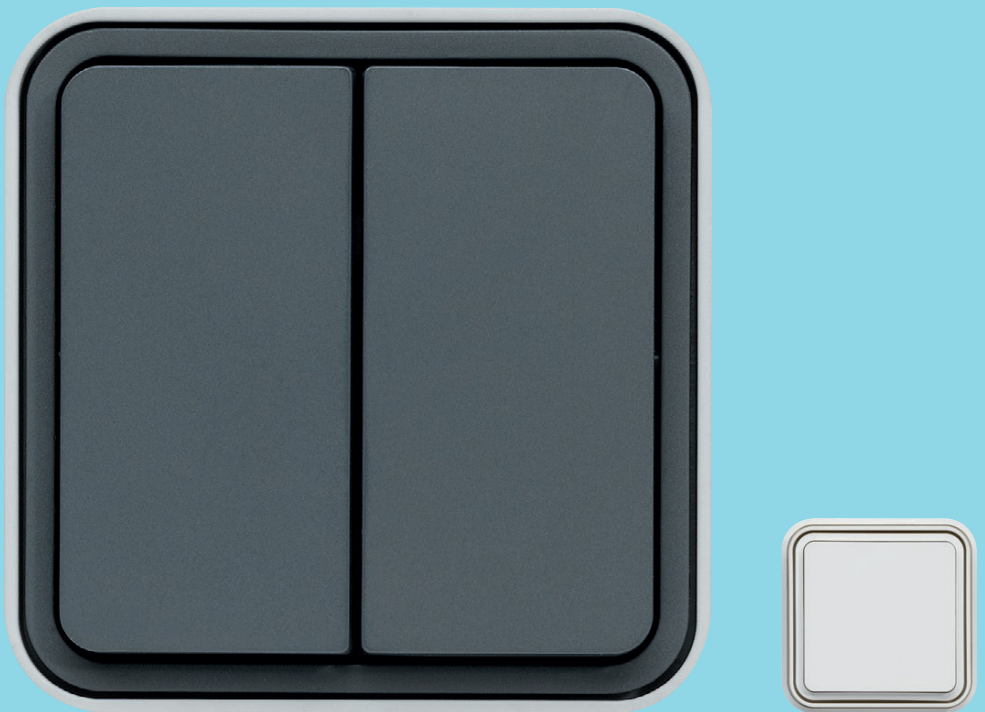

Multimedia outlets:
stay connected.

relax
and enjoy

Waterproof switches and sockets.

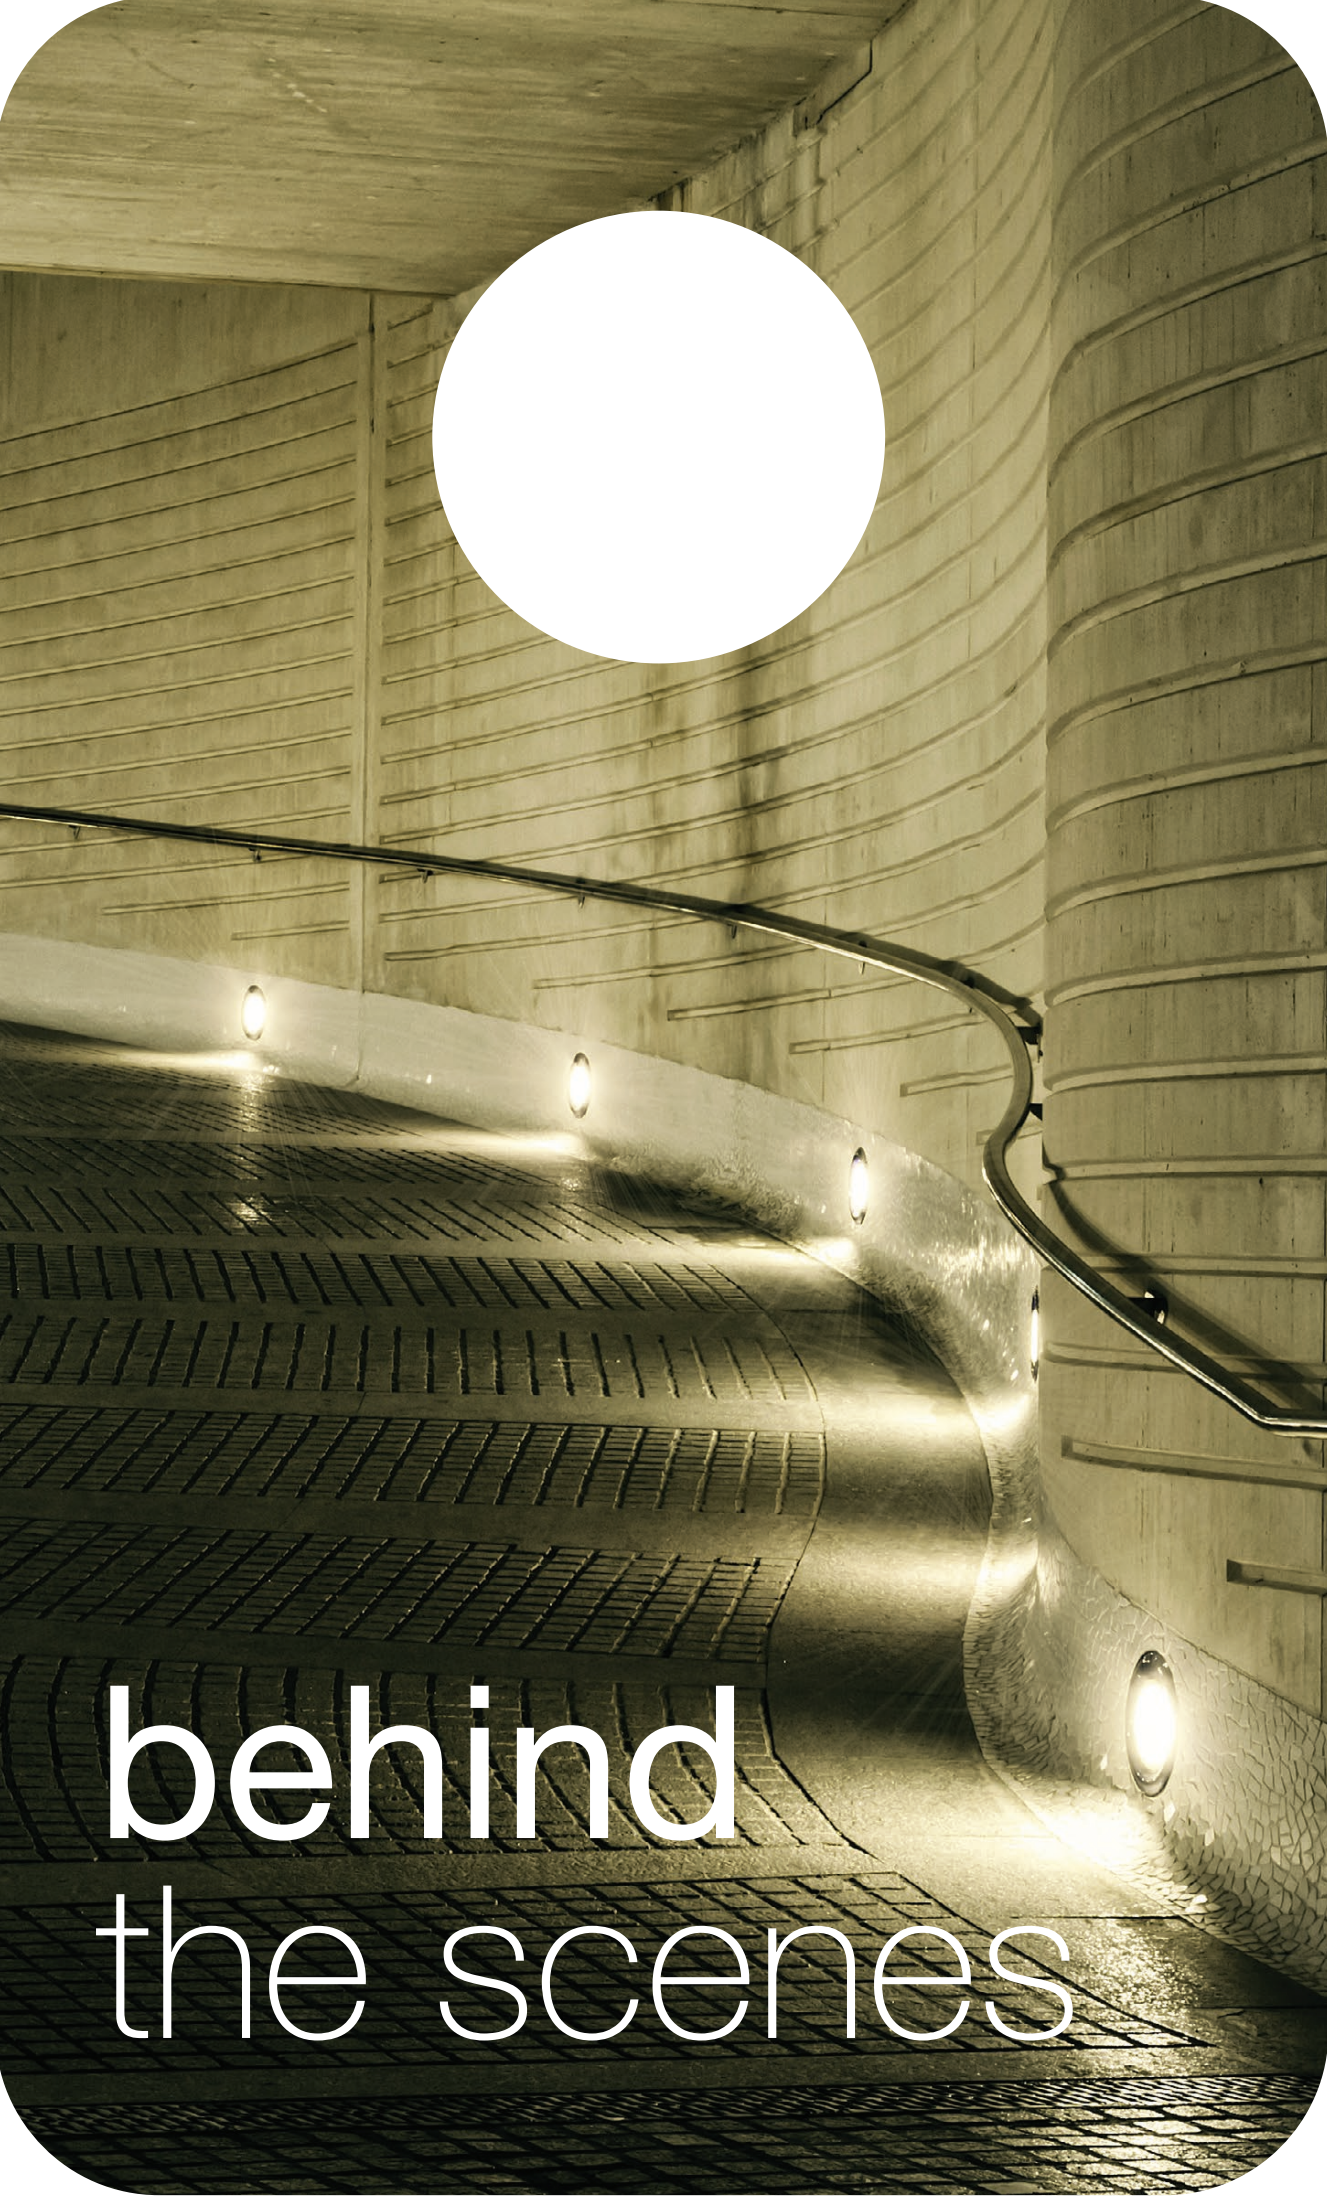

Make a splash!

Designed to withstand extreme weather conditions, our waterproof switches and sockets give you peace of mind for all outdoors, spa and leisure areas. Resistant to dust as well as water, they come in black and white, and their curvaceous look has proved a winner with design purists.

Outdoor lighting
with motion detector.

behind
the scenes

Switchboard for electrical distribution.

Technical know-how.

As well as being a specialist in comfort management, Hager is an expert in technical solutions. We will work with you to find the safest and most reliable way to distribute electricity from the switchboard to the different power outlets.

Charging stations
for electric vehicles.

High frequency motion
detector:
detects movement
through thin walls.

Hager, you can rely on us.

Hager is a leading supplier of solutions and services for electrical installations. As an independent family-owned company with a worldwide presence, we base our development strategy on continuous innovation and geographical proximity.

No matter how complex your project, we can guide and support you. Our offer is built on delivering unrivalled flexibility and quality of service through an extensive choice of solutions and our unique technical expertise. Thanks to our international production capacity, we coordinate operations seamlessly and reduce lead times. The result is that your project is completed on time, on budget, and just the way you want.
